PROFESSIONAL SUMMARY

Passionate and result-driven AI MERN Full Stack Developer with 6 months of hands-on experience building end-to-end web applications. Proficient in React.js, JavaScript, HTML5, CSS3, Node.js, Express.js, MongoDB, MySQL, RESTful APIs and CRUD operations. Experienced in responsive UI design, backend API development, database integration, Git/GitHub, Postman and AI-assisted development. Seeking an opportunity to contribute to real-world full-stack projects and grow as a MERN Full Stack Developer.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design
- **Backend & APIs:** Node.js, Express.js, RESTful APIs, CRUD Architecture, Middleware, JWT Authentication
- **Databases:** MongoDB, MySQL, Mongoose ODM
- **Developer Tools:** Git, GitHub, Postman, VS Code, Chrome DevTools, AI-Assisted Coding Tools

PROFESSIONAL EXPERIENCE

AI MERN Full Stack Developer | Software & Web Development

- Engineered responsive full-stack web applications using React.js for frontend development and Node.js/Express.js for backend architecture.
- Developed and tested RESTful APIs with Postman for client-server communication, CRUD operations and database workflows.
- Designed MongoDB and MySQL database structures for dynamic data storage and retrieval.
- Used AI-assisted development tools for debugging, code improvement, learning and workflow optimization.
- Maintained source code with Git and GitHub following structured development practices.

KEY PROJECTS

NESTORA — Rental Property Website

Status: Currently Building | **Stack:** MERN

- Building a full-stack rental property platform with property listings, search and filters, property details and location-based discovery.
- Developing user authentication, favorites, booking requests, reviews and owner dashboard workflows.
- Planning an admin dashboard for managing users, properties, bookings and reviews with MongoDB-backed data.

SOFIYAN HERBAL — Herbal & Beauty Products Website

Project Type: Live Website

- Created a customized herbal and beauty product website with structured product presentation and brand-focused UI.
- Implemented responsive layouts and customer-facing forms with attention to usability across mobile, tablet and desktop devices.

LUXORA — Premium Perfume E-Commerce Website

Project Type: Live Website | **URL:** luxora-perfumes-gsv3.vercel.app

- Developed a premium perfume-focused web experience with a modern visual presentation and responsive interface.
- Focused on polished product presentation, clean navigation and a professional shopping-oriented user experience.

EDUCATION

Diploma / Qualification in Agriculture — Yashawant College, Markhel

Graduated: 2026

CORE COMPETENCIES

Problem Solving • Quick Learner • Responsive UI Design • Code Debugging • AI-Assisted Development • Continuous Learning • REST API Integration
